DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 02/07/2011 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent Nos. 7,791,281 & 7,399,944 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims **1-29** are allowed.

3. The following is an examiner's statement of reasons for allowance:

After further search and consideration of Applicant's amendment filed on 08/24/2010, the primary reason for the allowance of the claim is the inclusion of the following limitation "applying an alternating plasma energizing voltage to said electrodes causing a plasma current and a displacement current, and controlling the displacement current during plasma generation for stabilizing the plasma such that modification of properties of said substrate surface is prevented" in a manner claimed in the independent claims 1 and 22 which are not found in the prior art references and further in light of the filing of a terminal disclaimer on 02/07/2011.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
